# First Reconciliation Action Plan 2008/09

SBS leads the exploration of the real, multicultural Australia and our diverse worlds... for all Australians... independently, distinctively and courageously.

## OUR VISION FOR RECONCILIATION

SBS – Six billion stories and counting – shares the stories of all humanity, including the many and varied stories from Indigenous Australia. In doing so, SBS will promote an understanding of indigenous cultures, values and aspirations through the shared human power of stories.

## OUR BUSINESS

SBS's principal function, set out in its Charter, is to provide multilingual and multicultural radio and television services that inform, educate and entertain all Australians, and, in doing so, reflect Australia's multicultural society. The Charter specifically requires SBS "to contribute to meeting the communications needs of ... Aboriginal and Torres Strait Islander communities."

SBS is a pioneering broadcaster leading the exploration of the real, multicultural Australia and our diverse worlds, going places that other broadcasters avoid. We are relevant to all Australians and inclusive of a multitude of diverse cultures and perspectives. As an organisation, SBS is independent, distinctive and courageous.

## OUR RECONCILIATION INITIATIVES

SBS's Reconciliation Action Plan will build on the principles of our Charter and the pioneering work already undertaken to foster relationships and respect of Aborigines and Torres Strait Islanders.

This, our first Reconciliation Action Plan, will establish a framework for the ongoing development of initiatives. Ideas and strategies were sourced from Indigenous and non-Indigenous staff, executive and non-executive, from all relevant Divisions including Content (Television and Online), Radio, News and Current Affairs, Human Resources, and Strategy and Communications.
